A MARVELLOUS REMEDY
For a Marvellous Age!!

HOLLOWAY'S OINTMENT!!

The Grand External Remedy.

By the aid of a microscope we see millions of little openings on the surface of our bodies, through these this Ointment, when rubbed on the skin, is carried to any organ or inward part. Diseases of the Kidneys, Disorders of the Liver, affections of the Heart, inflammation of the Lungs, Asthmas, Coughs and Colds, are by its means effectually cured. Every housewife knows that it passes through bone or meat of any thickness—through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

Erysipelas, Salt Rheum, and Scorbotic Humors.

No remedy has ever done so much for the cure of diseases of the Skin, whatever form they may assume, as this Ointment. No case of Salt Rheum, Scurvy, Sore Head, Scrofula, or Erysipelas, can long withstand its influence. The inventor has travelled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

Sore Legs, Sore Breasts, Wounds and Ulcers.

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swellings, and tumors. Professor Holloway has, by command of the Allied Governments, despatched to the hospitals of the East, large shipments of this Ointment, to be used under the direction of the Medical Staff, in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 years' standing.

Piles and Fistulas.

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following cases:

Bunions,	Piles		Sprains
Burns,	Rheumatism		Scalds
Chapped Hands	Salt Rheum		Swelled Glands
Chilblains	Skin Diseases.		Stiff Joints
Fistulas	Sore Legs		Ulcers
Gout	Sore Breasts		Venereal Sores
Lumbago	Sore Heads		Wounds of all
Mercurial Eruptions	Sore Throats		kinds.
	Sores of all kinds		

☞ Sold at the Manufactories of Professor Holloway, 80 Maiden Lane, New York, and 244 Strand, London, and by all respectable Druggists and Dealers of Medicines throughout the United States, and the civilized world, in Pots, at 25 cts, 62½ cents, and $1 each.

☞ There is a considerable saving by taking the larger sizes.

N. B. Directions for the guidance of patients in every disorder are affixed to each Pot.

GREAT
American and Foreign Office,
FOR
Securing Patents for Inventions.

AGENCY FOR BUSINESS WITH THE U. S. PATENT OFFICE, WASHINGTON.

R. H. EDDY,
No. 76 State Street, opposite Kilby St.,
BOSTON.

IMPORTANT INFORMATION TO INVENTORS.—The subscriber, (late Agent of the U. S. Patent Office under the Act of 1842,) determined to present advantages in applying for patents, superior to those offered inventors by others, has made arrangements, whereby, on applications prepared and conducted by him, THIRTY DOLLARS (instead of *twenty, as paid back by others,*) will be remitted by him in case of failure to obtain a patent, and the withdrawal, through him, within thirty days after the rejection.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not unsurpassable superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate—the immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

Caveats, Specifications, Assignments, and all Papers and Drawings necessary to the perfecting of the same in the United States, and in foreign countries, prepared, and advice rendered on legal and scientific matters respecting inventions, and infringement of patents. All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

Copies of the claims of any patent furnished for one dollar. Assignments recorded at Washington. Patents secured in Great Britain, France, and other foreign countries, through agents of the highest respectability.

R. H. EDDY, *Solicitor of Patents.*

TESTIMONIALS.

"During the time I occupied the office of Commissioner of Patents, R. H. EDDY, Esq., did business as Patent Office as principal and agent, and to my entire satisfaction. I therefore, with pleasure, recommend any person acting in that capacity, as one much business before the Patent Office will find it to their interest to employ Mr. Eddy. He is a gentleman of strict integrity, and energy and perseverance, and will spare no labor, fatigue, and expense in assisting inventors in the procurement of their rights. I regard Mr. Eddy as one of the most informed and successful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot be more competently and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

Late Commissioner of Patents."

[From the present Commissioner.]

"PATENT OFFICE, 17, 1855.—During the time I have held the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, has been extensively engaged in the prosecution of business with the Office, as Solicitor. He is thoroughly acquainted with the laws, and the rules of practice of the office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse. CHARLES MASON,
Commissioner of Patents.

[Copy of a Letter.]
BALTIMORE, Jan. 8, 1856.
Messrs. C. & J. Marshall—Gentlemen. At the request of your Agent in Baltimore in regard to your opinion and experience of your copper coated spikes, we, without hesitation, say we believe them the best substitute for copper yet introduced, and better fastening for ships, inasmuch as you have the strength of iron with the preservative qualities of copper.

We have used some of your Spikes in old vessels as a substitute for copper, and have had occasion to draw them out a year afterwards, and found them with the coating as firm as when they were driven, and with no appearance of oxidation.

Very respectfully yours,
(Signed) JOHN D. PARDY & BRO.

Singer's Sewing Machines.

ALL PERSONS who desire to obtain full and reliable information respecting *SINGER'S SEWING MACHINES*—their price, capabilities advantages, sizes, improvements, method of working, means of procuring them, and all other particulars—can do so by applying at our office,

No. 323 Broadway, New York,
by letter or in person, for
I. M. SINGER & CO'S GAZETTE.

This paper is devoted entirely to the Sewing Machine interest. Copies will be supplied gratis to all interested.

☞ The unparalelled success of our Sewing Machines has induced several fraudulent imitations of them, besides numerous infringements of our patents—of which we own sixteen. Suits for the infringement of our patents have recently been decided in our favor in the U. S. Circuit Courts in New York and New Jersey. In these suits the great principle of

Holding down the Fabric to be Sewed to the Surface of the Machine, by a yielding pressure,

which is used in all Sewing Machines—has been fully established. The Wheeler & Wilson, and the Grover & Baker Sewing Machines as we allege each infringe three distinct patents owned by us. We have suits against them in our several Courts, which will soon be tried. We hereby caution the public not to buy any infringing Machines, as they can be compelled by law to stop using them, and to pay costs and damages.

☞ Local Agents wanted to make sales of our Sewing Machines. To persons properly qualified for the business, a rare opportunity for profitable and pleasant employment is offered.

New and improved machines exchanged on liberal terms for old machines of every kind.

OFFICE of the Commissioner of Lotteries.—*Baltimore, April* 18, 1856. The undersigned, Commissioner of Lotteries of the State of Maryland, being in receipt daily of letters from various portions of the country, making inquiry as to Lottery Schemes with which the country is flooded, and which purport to be *"decided by the Drawings of the Maryland Consolidated Lotteries,"* takes this method to answer all such letters of inquiry, and inform the public that *all Lotteries drawings decided by the Maryland Drawings are from Fraud;* that certain parties who style themselves Morris & Co., and pretend to be Managers or Sole Agents for the Grand Charter Lotteries at Cleveland, Ohio, are impostors, and said Lottery a fraud, having neither legal or pretended existence; and that another fictitious firm, styled Murry & Co., Cleveland, Ohio, are also impostors, and all Lotteries which they profess to be managers or agents for, are also frauds.

RICHARD FRANCE, of this city, is the Contractor for drawing the Maryland Lotteries. The business is conducted under the firm of R. France & Co., as Managers, and they have no sole agents in the city of Baltimore. There are, however, some forty licensed venders for the State of Maryland, who derive license under him through this office, to sell tickets in the Maryland Lotteries.

The Great European Cough Remedy.

Important to the Consumptive and the Public generally. The celebrated
Universal Cough Mixture

IS a safe and effectual Remedy for Coughs of every description, whether of children or adults, of recent or long standing.

PREPARED ONLY BY
REV. WALTER CLARKE,
Sole Proprietor, Cornishville, Maine.

Within the last twelve months thousands of bottles of the Universal Cough Mixture have been sold in the State of Maine alone; and everywhere it has extraordinary power in relieving and curing diseases of the Chest and Lungs, is gratefully acknowledged; and especially in cases of obstinate and long standing Coughs, it speedily allays the unpleasant sensation in the throat which excites coughing, it promotes free and easy expectoration, and by removing the exciting cause of the cough, it frequently enables the sufferers to enjoy natural and refreshing sleep, who for weeks had been deprived of that blessing.

☞ Sold in trial bottles, 25 cents each; large bottles, each containing the quantity of four small ones, 75 cents each.

Extract of a letter from Daniel Adams, Esq., of Bowdoinham, Maine.

To Rev. Walter Clark. Dear Sir—The bottle of Cough Mixture which I bought of you at Topsham had the desired effect on my wife. She had been afflicted with a cough for two years—that bottle entirely removed it.

From Rev. Jesse Hoyt, Lewiston Falls.

Rev. Clarke—Every bottle of the Universal Cough Mixture which you left with me, I have sold—and I have several applications for more. As far as I have heard from, all have been perfectly satisfied with the medicine. One man, who had a cough of long standing, attended with tightness of the chest and shortness of breath, so that he was laid aside from business, purchased one large bottle, and before he had taken the whole of it, was perfectly cured, and has had no cough since. He says it is the best medicine in the world, and cannot be recommended too highly.
JESSE HAYES.

From Mr. Fletcher Chick, agent for North Dixmont, Maine.

Dear Sir—A number of the most extraordinary cures have been effected by your Universal Cough Mixture in this place. Several who had coughs of a years' standing, and others who have been doctored six months without receiving any benefit, have been speedily cured by the Universal Cough Mixture.

From Mrs. Hubbard, Thorndike, Me.
FEBRUARY 1, 1854.

To Rev. Walter Clark. Dear Sir—This certifies that I have used one bottle of your Universal Cough Mixture for a distressing cough and soreness in the lungs. I had previously taken several kinds of medicine, and had been under the care of several physicians without obtaining the least relief; happily your Universal Cough Mixture was recommended to me. I procured a bottle, which I began to take according to directions on the label, by which in a few days I was entirely cured.
MARGARET P. HUBBARD.

ARNOLD'S COMBINED

FOOT-STOVE, LANTERN,
.....AND.....
NURSE-LAMP.

ALBERT LOVES having purchased the exclusive right for manufacturing and vending in Penobscot County, the above valuable invention, is now prepared to offer them to the public.

As a FOOT STOVE, it answers an excellent purpose, as it can be sufficiently heated in less than one minute to warm and dry the feet in the coldest winter weather, and will be found to be an indispensable article in traveling. It is heated by an oil, alcohol, or fluid lamp, the flame of which is protected from every external object.

As a LANTERN, it answers all the usual purposes, and is less likely to be overset, or get broken, and can be used as a house lamp with equal advantage.

As a NURSE LAMP, and in cases of sickness, it is of great advantage in keeping drinks or medicines warm, giving the light desired, and for cooking small quantities. For making tea, &c., it will be found very convenient, as a quart of water can be boiled in fifteen minutes, and a flat-iron heated in the same length of time.

In fact, the various purposes to which this neat apparatus may be put may be readily conjectured by every one. No further description is required, as no one can misunderstand its general utility. To say anything more respecting its adaptability to a hundred purposes would just be telling what our readers can all see at once for themselves.

Public Meeting of the Citizens of Bangor.

City Hall was crowded last evening, on the occasion of a public meeting called to consider of the recent outrages in Kansas and on the floor of the U S. Senate, and to take measures for aiding the freemen of Kansas to maintain themselves in that Territory.

We have not time to give any detailed report of the proceedings this morning, but we may say that the heart of the people present beat in full response to the sentiment of indignation which is now rolling onward to the capitol, in view of the accumulated assaults upon liberty and the freedom of speech that have been made by the slave power within the past few weeks. Every man felt that something should be *done* by the people of the North to aid their brethren in Kansas in their struggle with the ruffians of slavery, and that a demand should be made in thunder tones, for the expulsion of that ruffian Representative who has disgraced himself and the country by so dastardly an assault upon the person of a Senator, for language spoken in debate.

We give below the official report of the doings of the meeting.

Mr. Dunn, who, it was announced, would make some statements, is not accustomed to public speaking, and some account of the recent outrages, as derived from him, was given by Mr Muzzy.

When the question of raising funds was under consideration, as noticed below, Thos. A White, Esq., pledged himself to be one of twenty to subscribe $2,000 in aid of the freemen of Kansas.

BANGOR, June 2, 1856.

The citizens of Bangor opposed to the outrages in Kansas, and the assault on Senator Sumner, met agreeably to public notice, in the City Hall.

On motion of Hon. Franklin Muzzy, Hollis Bowman, Esq., Mayor of the City, was called to the Chair, and J. Penno and J H. Butler were chosen Secretaries.

On motion, G W Ingersoll, Esq., Hon. Franklin Muzzy, A, G Wakefield, Esq., Isaac R. Clark, Esq., and Chas. K. Miller, Esq. were chosen a Committee to draft Resolutions expressive of the sense of the meeting.

Asa Winterhouse, Esq., and Hon Edward Kent then addressed the meeting in eloquent denunciations of the great outrages in Kansas and Washington.

The following Resolutions were then reported by the Committe, and unanimously adopted.

Resolved, That we have learned of the recent outrages perpetrated in Kansas, and on the floor of the Senate of the United States, with unmingled feelings of pain and indignation

Resolved That the people of Kansas, struggling with heroic courage for the maintenance of popular rights and republican freedom in that Territory—invaded by armed ruffians from a border State, are entitled to our liveliest sympathies, and the encouragement and effectual support of the friends of liberty everywhere, and that we especially, as resident to the Sons and Daughters of Maine, now struggling in Kansas for the protection of their lives and homes, our warmest sympathy, and pledge to them our unceasing efforts to save them from the grasp of Despotism and Slavery

Resolved, That although in the person of Charles Sumner, Liberty has received a blow from the hand of a brutal assailant, and our country in general, and Massachusetts in partsenlar, is thus deprived, in a critical emergency, of the services of an accomplished Senator—still, as from the blow inflicted in Revolutionary times, by tory violence upon the head of the patriot James Otis, there sprung a new defender of Liberty, in the person of John Adams, so, even in the case of an incapacitated exert of Mr Sumner's illness, and from his very grave, will spring to new life the regenerated spirit of Liberty in the form of more vigorous and earnest champions in the sacred cause of Freedom

Thomas A. White, Esq., then addressed the meeting on the necessity of raising material aid for our friends in Kansas.

The meeting was further forcibly addressed by S P Dinsmore, Esq, and Hon. Franklin Muzzy.

On motion of I. R. Clark, Esq., a committee of one from each Ward, viz: Ward 1, C O Record, 2, A Holton, 3, W C Crosby, 4, Henry A Butler, 5, Capt J. B Carr; 6, Gen. S. P. Stringland; 7, I R Clark, were appointed to raise funds for the relief of our friends in Kansas.

Voted, To adjourn to Friday evening, June 6th, to hear the report of the Committee, and receive the statement of Mr Dunn of Kansas.

HOLLIS BOWMAN, Chairman.

J. PENNO, } Secretaries.
J. H BUTLER, }

The pulpits of our city are generally outspoken upon the Sumner outrage, and the infamous proceedings in Kansas. On Sabbath afternoon last, Rev. Mr Little of the First Parish (Orthodox) Church, was exceedingly severe upon these topics. We understand that in the course of his remarks, he characterized the Boston Courier as an "infamous paper," for some of its comments upon Mr. Sumner, and that he denounced the National administration in severe but just terms, for its action in the Kansas matters.

Rev. Mr. Allen, of the Union Street (Unitarian) Church, in his evening discourse, made a powerful appeal upon the same subjects. He said men must come out boldly when such outrages are committed, and take their stand explicitly upon one side or the other. There should be no hesitancy in the matter—no holding back from party motives, when the rights of freedom and of free speech are to be vindicated against the assaults of brutal violence.

Rev. Mr. Caldwell of the First Baptist Church also spoke in a strong and manly manner upon these topics.

SIGNIFICANT NAME. An American slaver, the brig Gen. Pierce, of *New York*, has been captured by the Portuguese government, and condemned at Loando, west coast of Africa.—The captain and crew are in prison awaiting trial.

Rev. Wooster Parker, of Dover, asked his dismission from his people last Sabbath.

A Legal Review of the Davis Case.

The June number of the Monthly Law Reporter which will soon be received, contains an article of 22 pages upon the removal of Judge [illegible] from the Supreme bench of Maine. The [illegible] article shows that the attack upon the [illegible]reme Court of Maine is received with the deep[illegible] solicitude abroad. A candensed history of [illegible] case is given, with a review of the arguments of counsel and of the special files of Governor Wells in his proclamation of the removal.

The article in the Law Reporter opens as follows:

REMOVAL OF JUDGE WOODBURY DAVIS.

An elective despotism, said Mr. Jefferson, is not the government we fought for." Is an elective despotism the government we are coming to?

Serious doubts as to the answer to the question are suggested by the late proceedings of the legislature and executive of Maine, for the removal from office of the Hon. Woodbury Davis, one of the judges of the Supreme Court of that State.

These seem to have been originated, urged and decided as a political party question. But no party can control the effects, or limit to itself the consequences of the decision here of all a question of political party, it did not be entitled to a place in the pages of a journal of judicial science; but, as it is solely a question of fundamental law, it should be understood and earnestly reflected upon by all members of our profession, and by all citizens.

After giving the history of the case, and the Governor's proclamation, the editor comments at length upon the latter document. We copy [illegible] of the Reporter's views:

In an argument, this document (the Proclamation) will not do much harm, or make many converts, and deserves no particular notice; but a proceeding from the governor of a State, and a possible indication of political or party views, here or elsewhere, and as an act, which may serve as a precedent or pretext for instances or tyrants of whatever party or faction, it is necessary to be seriously pondered and closely studied.

It is to be noticed that Governor Wells makes no imputation on the motives of the judge, and no suggestion against his capacity. He says distinctly, that the right of removal is the same, whether the opinions given are the offspring of honest, deluded, or factious mind," that he is not removed for his opinion, but because he [illegible] horns to it, and either he or the executive must give way. The reason is solely this — "the judge "arrayed himself against the government of the State," and was in direct conflict with the government." Who is GOVERNMENT? This is new and strange language in a democratic republic. "I am the State" is the well known boast of an absolute monarch. I am the Government, is the quiet assumption of an elected executive magistrate of a republic. Judge Davis has himself arrayed against the legislature. He has himself, in fact, by no act of the governor. He set the constitution against an act of the governor and council, or the act of another governor. The governor whose act is overruled, has in his hands the power to remove, (though not in this case he might,) and he sustains his own act by saying the judge because he "arrayed himself against the whole government of the State!" And what is the whole government of the State?

When Judge Davis did this act, the legislature had not passed upon it. He did not officially know that they might not agree with him. He could not know that the governor would not, on second thought (if it had been otherwise, his duty would have been the same). But there is not even this pretext. He did not tell which way the full bench of the court would go! What was "the whole government of the State?" Nothing but an act of the governor, the validity of which he, the governor himself, admits to be purely a question of judicial science; but, as it is solely a question of fundamental law, it should be understood and earnestly reflected upon by all members of our profession, and by all citizens.

After giving the history of the case, and the

WASHINGTON, June 2.

Mr Bright being absent, Mr Stuart presided. He laid before the Senate a message from the President about Central America, which has already been published.

A resolution was adopted that when the Senate adjourned on Thursday next it be to the following Monday.

The presiding officer laid before the Senate a letter from P S Brooks to Mr Bright, in which he disclaims any intention of offending against the privileges of the Senate by his assault on Mr. Sumner; but says he felt bound to chastise Mr. Sumner, for the insults to his State and to his relatives and having sought him in vain elsewhere he deemed it proper to inflict that punishment in the Senate, it not being in session he did not think he was committing any breach of privilege.

The letter was read, laid on the table and ordered to be printed.

The Senate adjourned to Thursday.

HOUSE.—Mr Campbell of Ohio, from the Select Committee on the assault on Mr Sumner by Mr Brooks, made a report concluding as follows—

"Whereas the Senate of the United States have transmitted to this House a message complaining that Preston S Brooks a Representative from South Carolina, committed upon the person of Chas Sumner a Senator from the State of Massachusetts, while seated at his desk in the Senate Chamber after the Adjournment of the 22d of May last a violent assault which disabled him from attending to his duties in the Senate and declaring that said assault was a breach of the privileges of that House The Senate have further declared that inasmuch as the said Brooks is a member of this House they can try or punish him for a breach of these principles That they cannot proceed further on the case than to make complaint to this House, and that the power to arrest, try and punish, belongs solely on this body, and whereas, upon full investigation it appears to this House that the said Brooks has been guilty of the assault complained of by the Senate with the most aggravating circumstances of violence and that the same was a breach of the privileges of the Senate a co-ordinate branch of the legislative department of the Government, in direct violation of the constitution of the United States which declares that Senators and Representatives for any speech or debate in either House, shall not be questioned in any other place, and whereas this House is of the opinion that it has the power and ought to punish the said Brooks, for the said assault not only as a breach of the privileges of the Senate assailed but of the Senate

CINCINNATI, June 2.

At a quarter before 12, cannon were fired as a signal for the assembling of the Convention.

At 12 o clock Precisely, the Assemblage was called to order by R. McLane of Maryland.

Mr. Richardson of Illinois, nominated Samuel Medary of Ohio for temporary Chairman—was elected unanomously

Mr Hall of Massachusetts, called for the reading of the call for the Convention. While the call was being read by Mr. English, of Indiana, a sudden uproar arose at the door of the hall and crowd rushed into the room, fighting and wrangling in confusion This crowd proved to be the Missouri delegation from Missouri, resolved to force their entrance by violence. They knocked down the door keeper and rushed in headed by Ex Gov Price For a few moments a scene of confusion impossible to describe ensued Members jumped upon their chairs and demanded as though a serious riot was about to take place. After a while however quiet was restored and the reading of the call proceeded with

Mr McLane stated that when the candidates of the Missouri delegates were presented, the committee of arrangements would give tickets of admission to the delegates which prescribed prima facie evidence of their regular election and request them to others,

New York also appeared with two sets, but as the Committee could not decide which was entitled to admission, they declined to give tickets to either unless they arranged it among themselves as was done in the case of the Mississippi delegation. Both delegations from N Y are now admitted.

HELMBOLD'S GENUINE PREPARATIONS

HELMBOLD'S
HIGHLY CONCENTRATED
Compound Fluid Extract Buchu.

IS A CERTAIN, SAFE, AND EFFECTUAL REMEDY
For Diseases of the Bladder, Kidneys, Gravel, Dropsy, Weakness, Secret Diseases, Obstructions, Female Complaints,
and all Diseases of the Sexual Organs, whether in MALE OR FEMALE

from whatever cause they may have originated and *No Matter of How Long Standing.*

This popular and specific remedy has attracted to the attention, and guaranteed to cure all the above complaints. It searches out the very roots of the diseases, driving out all the diseased fluids of the body, thus removing the cause and rendering the cure

Certain and Permanent.

This medicine allays pain and inflammation, which other remedies invariably cause, and can be taken with less trouble and expense to patients. This infallible remedy has saved thousands upon thousands from the hands of

Merciless Quacks,

if not from premature graves. In cases of infection, the Compound Buchu is the only article worthy of the least confidence of the afflicted in performing

SAFE CURES.

It contains no narcotic, mercury, or other injurious drug, but is a purely vegetable compound. It is very agreeable to the taste, creates no perceptible odor, and may be taken by persons of either sex without hindrance from business or medical advice, as plain directions for use accompany the medicine. Reader, if you have any of the above complaints, do not neglect them.

Delays are Dangerous.

Truth must and will prevail.

This medicine speedily and effectually cures the most virulent form of secret diseases, and eradicates every particle of infectious matter from the patient to a perfect state of *Health and Purity.* And its a medicine which must benefit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found, it, acting both as a *Cure and Preventive* of any of the above ailments.

HELMBOLD'S
HIGHLY CONCENTRATED
Compound Fluid Extract Sarsaparilla,
—FOR—
Purifying the Blood, removing all diseases arising from Excess of Mercury, exposure and imprudence in life, chronic constitutional disease, arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Scrofula, Salt Rheum, Scald head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Tetter, Pimples on the Face, and all Scaly Eruptions of the Skin.

It is gratifying to the proprietor of these medicines to be able to state that it is now nearly three years since they were first introduced, during which time they have been extensively used in various parts of the United States, and have given to patient and practitioner the highest degree of satisfaction in the various cases in which they have been employed; whether in town, country, hospital, or private practice, they have invariably given the most decided and unequivocal satisfaction, and produced the most salutary and beneficial effects. Numerous letters have been received from the most distinguished physicians in the country, and from the professors of several medical colleges recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the proprietor recommends. Numerous preparations of Sarsaparilla and Buchu, and various modes of preparing them have been given, all of which of course will differ according to the mode of preparation which each individual may adopt.

These medicines require considerable care in the preparation, and the employment of different menstrua in successive operation to take up the extractive matters, and, in consequence, are most frequently improperly made, and not unfrequently much impaired, if not rendered totally inert, by the injudicious and unskillful management of those unacquainted with pharmaceutical preparations. It is, therefore, of the highest consideration and importances to the public, and to the faculty, that there should be standard preparations of uniform strength and possessing the most advantages. To effect this, and obviate the evil alluded to, I have made a number of experiments to ascertain the most effectual mode of extracting the virtues of the Sarsaparilla and the Buchu, and to discover the most eligible form for their exhibition. The experiments have resulted most successfully, and it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts, which contain all the virtues of the articles they are represented to be made from in a highly concentrated form, and are the most active preparations which can be made. Two table spoonsfulls of the Extract Sarsaparilla added to a pint of water is equal to the Lisbon diet drink, and one bottle fully equals in strength one gallon of Syrup Sarsaparilla or decoction as usually made.

PRICES—
Fluid Extract Buchu, $1 per bottle or 6 for $5
" Sarsaparilla, " "

Certificates of cures and recommendations from distinguished professors and physicians, will accompany each preparation. Prepared and sold by

Securing Patents for Inventions.

AGENCY FOR BUSINESS WITH THE U. S. PATENT OFFICE, WASHINGTON.

R. H. EDDY,
No. 76 State Street, opposite Kilby St.,
BOSTON.

IMPORTANT INFORMATION TO INVENTORS.—The subscriber, late examiner of the U. S. Patent Office under the Act of 1836, determined to present advantages to inventors, superior to those offered inducements to inventors, has made arrangements, wherein an opportunity is presented for securing Patents on terms proportioned to the present depressed state of business, which will be remitted by him in case of failure to obtain a patent, and the whole charge, through him, within thirty days after receiving notice.

This Agency is not only the largest in New England, but through its numerous branches and long established connections, has unequalled advantages for securing patents, for ascertaining the patentability of inventions, for procuring rejected cases to be reconsidered, and for managing interferences, and other matters appertaining to patents. All necessary of a professional character, such as applications for a patent, and the assignments thereof, are carefully prepared on the most reasonable terms.

Copies of the claims of any patent furnished for one dollar. Assignments recorded at Washington. Patents secured in Great Britain, France, and other foreign countries, through agencies established in the most respectable manner.
